

Congregational Noticeboard

St Margaret's House

Never a dull moment at St Margaret's - over the past couple of months a full programme of activities such as:

- ❖ **Canal Boat Trips** (courtesy of the Seagull Trust),
- ❖ visits to the **Safari Park** (12 counted in and 12 counted out!);
- ❖ the ever-popular **Bo'ness Fair** which included a lunch at "Martyn's";
- ❖ **U.S.A. Independence Day** was celebrated with a menu of Muffins - Bagels - Hot dogs etc supplied by the every reliable cookhouse

A new venture, which is proving popular, is 'In-house dancing'. The writer is polishing up his "Paso Doble" in the hope that he doesn't become "a wall flower". **Craft and Painting** classes are getting their share of interest with hidden talents emerging. All in all, the input by the "Friends" is certainly appreciated.

Richard

Wednesday Club

We are all enjoying the summer break, although so far the weather has been disappointing. Perhaps before we return on **Wednesday 10th September** we will see a little more sunshine.

We had our last meeting in May when we had a short outing followed by afternoon tea in the Cladhan Hotel, which was excellent.

I am now working on the programme for next session and hopefully we will have a full programme until Christmas.

See you in September.

Sandra Gow

Macdonald's House Group

These past few months we have been studying the book of Daniel, which has proved to be a real challenge, but very ably led by Keith.

We marvelled at Daniel's amazing faith in the face of seemingly hopeless and dangerous situations, and of the way he showed the people that even in a national catastrophe, God was still working out His purpose and plan. We saw how Daniel resisted compromise because of his relationship with God, and his obedience and courage came from his expression of God's kingship in his life.

We are now enjoying a short summer break before resuming on Wednesday 10th September. A warm welcome is extended to anyone who would like to join us next session. No Biblical knowledge is required, and it is never too serious. Anyone passing number 51 when we are all there will vouch for that, as they listen to the chatter and laughter. We meet at 7.30pm and enjoy Miriam and Keith's hospitality for the first half hour before beginning the study at 8.00pm. Only very rarely does the meeting go on beyond 9.00pm.

Hope to see **YOU** on the 10th.

Doreen Baxter
