Bible Study House Group

The Macdonalds' Bible Study group has recently started on the Old Testament book of Daniel. So far, we have looked at how Daniel was taken from his home and family at the age of thirteen, and trained to be a Babylonian bureaucrat, but even at that young age he did not lose his faith in the living God. We have learned how he relied on prayer to obtain the wisdom needed in dealing with the king and his dreams, and at the last study, we saw how his friends Shadrach, Meshach and Abednego so dramatically showed that their faith in God was enough to save them from the fiery furnace. What a witness to the king and all the onlookers!

Do come along and join us, as we continue through this exciting book. It is not too serious - if you passed by, you would hear lots of laughter. An added bonus is that every meeting starts with a cuppa and Miriam's home baking - something definitely not to be missed!
